

BENCHMARK TECHNOLOGY CORPORATION / PUBLIC SECTOR DIVISION

Public Sector Capabilities

A coordinated technology partner for public organizations – from requirements and procurement through implementation, support, and lifecycle handoff.

CORE COMPETENCIES

Plan it. Build it. Keep it working.

01 / CONNECT

Infrastructure & connectivity

Networks, wireless, cabling, and site planning. Broadlink can review internet, voice, and communications needs by address and scope.

03 / OPERATE

Managed IT & support

Service desk and workplace support scoped to covered users, locations, systems, service hours, and escalation.

05 / MODERNIZE

Cloud & digital services

AperVue portals, applications, cloud development, integrations, and workflow planning around existing systems.

02 / PROTECT

Cybersecurity & continuity

Access, endpoint protection, backup, recovery priorities, and documented operating responsibilities.

04 / SOURCE

Procurement & lifecycle

Benchmark Procurement sourcing, configuration, logistics, receiving, asset records, and refresh planning.

06 / DELIVER

Field services & projects

Site readiness, installation, testing, acceptance, documentation, and support handoff.

SPECIALIST BUSINESSES

The right expertise for the need.

Broadlink

Internet, voice, and communications. Service availability is confirmed for each address and scope.

Benchmark Procurement

Requirements, sourcing, configuration, delivery, purchasing documentation, and equipment lifecycle.

mrk

Professional computing equipment matched to workloads, compatibility, and support needs.

AperVue

Software, portals, cloud development, integration, and connected operating workflows.

PUBLIC-SECTOR MARKETS

Public Housing / K-12 schools and libraries / Higher Education / State and Local government / Public Safety / Federal Government

CAPABILITIES

CONTRACTING & PROCUREMENT

This statement summarizes publicly described capabilities. Supplier registrations, business classifications, certifications, contract vehicles, contracting entity, service availability, and deliverables are confirmed for each opportunity.

START WITH THE REQUIREMENT

Share the scope, solicitation, timeline, and documentation requested.
